

Windowmaker Option

Photo Fronts

Overview

A facility to superimpose designs on digital photographs.

Benefits

The Salesperson

- ▲ Increase prospects of making sales by presenting 'realistic' simulation of building with new windows or doors

Features

- ▲ The program allows as many as 9 fronts for a Sales Quote/ Sales Order
- ▲ You can select image files in both .BMP and .JPG file formats
- ▲ The program can automatically rename and move/copy the selected files to the data directory
- ▲ You can superimpose sales lines on the digital camera images of a house front
- ▲ The window and door graphics are drawn perfectly to scale
- ▲ The same software can be used for presentation and for pricing
- ▲ You can double-click on a design to edit it
