Windowmaker Option
Profile Labels I

Overview

A facility to output standard information for Parts and Profiles on labels.
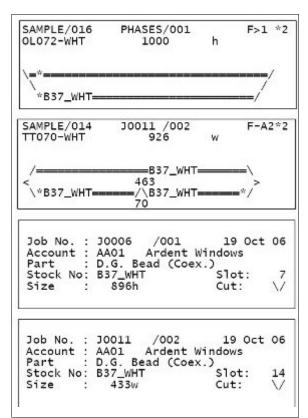

Benefits

The Fabricator

▲ Increases efficiency by utilising clear and precise manufacturing information

▲ Avoids mistakes by easily identifying individual parts and profiles for each sales line in a Sales Order

Features

▲ You can automatically generate labels for all sales lines in the batch

▲ The program can display details of each profile used:

∆ Batch and slot numbers

∆ Trolley number (if sub-batched)

∆ Sales Order and Sales Line numbers

∆ Profile stock number

∆ Size and direction (**w**idth or **h**eight)

∆ Graphical diagram showing end-cuts

∆ Cutting angles (if other than 45° or 90°)

▲ The program can output various part details:

∆ Sales Order and Sales Line numbers

∆ Date

∆ Account number and name

∆ Part description

∆ Part stock number

∆ Slot number

∆ Size and direction (**w**idth or **h**eight)

∆ Sales Line location (optional)

▲ You can determine the output by setting up the:

∆ Label height

∆ Number of labels to be printed across
