

Microsoft® Financing for Windowmaker Software

We help
you get
more from
your software.

And now more
from your budget -
from **£50 per month**

Keeping your business running at peak productivity and efficiency has a lot to do with keeping your software and hardware current.

But often it isn't easy to invest in a new system, upgrade, or additional options you know could really benefit your business. Now there's a way to get everything you need more affordably: Microsoft Financing**.

Single-source financing

- ▷ Acquire software, services & hardware in one single monthly payment, all from a single source

Peace of mind

- ▷ Backed by Microsoft, & exclusive to Partners
- ▷ A quick and simple process, with swift response times

Predictable payments

- ▷ Match payments with the technology lifecycle
- ▷ Preserve your capital for other projects

Flexible options

- ▷ Know what to plan for in future budget cycles
- ▷ Pay over 24 to 60 months*

From a single upgrade to a complete solution, we can help optimise your budget and spread the payments over the lifetime of your investment. **It starts at an investment of just £1,000, and now for just £50 per month for the first 6 months.**

Shift your focus from **How will I pay for it?** to **What do I need?**

* Subject to approval, terms & conditions. Details available upon request
